A Public-Private Partnership

Energy Services Coalition Special Alert

June 2012

Market Transformation Conference 2012

Educational - Peer Sharing - Interactive

This message comes to you as a subscriber to the Energy Services Coalition online newsletter. While we continue to seek the best ways to communicate with all stakeholders, including our new use of social media (you can now Like Us on [FaceBook](#)), this news just could not wait.

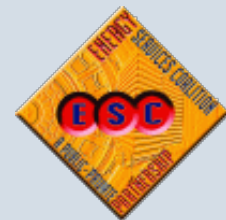

Public and private members of the Energy Services Coalition will join together in our inaugural Market Transformation Conference, August 23-24, 2012 in Nashville, Tennessee for an educational, interactive, peer sharing event. Sponsorships and [exhibitor spaces](#) are filling up and registration is underway by folks from every corner of the nation.

Space is limited so we strongly encourage that you [register today!](#)

A preliminary [agenda](#) and additional conference details are available at the [conference website](#). If you have questions that are not addressed on the website or would like additional information, please contact [Tracey Kohler](#) or myself [Dale Hahs](#).

If you are interested in achieving your energy efficiency,

About the ESC

The Energy Services Coalition (ESC) is a national nonprofit organization composed of a network of experts from a wide range of organizations working together at the state and local level to increase energy efficiency through energy performance contracting.

Recognition of Support

Market Transformation tools to accelerate energy performance contracting are made available through support of the U.S. Department of Energy, Energy Efficiency and Renewable Energy (DOE/EERE).

*environmental stewardship, economic development or
business goals through public facility retrofits, this is simply
a must attend event!*
