### **4th Annual ESC Conference Session: Federal Showcase**

The [4th Annual ESC Market Transformation Conference](#) includes a panel focused on US Department of Energy program efforts. This session highlights several DOE led initiatives. The federal government pioneered the ESPC procurement model over 30 years ago. Over the years their efforts and experiences have flowed down to the state level and are major influences on the processes and approaches currently being used in states throughout the country.

Speakers include:

Anna Garcia, Director, Weatherization and Intergovernmental Programs, Office of Energy Efficiency and Renewable Energy

Tim Unruh, Program Manager, Federal Energy Management Program (FEMP)

Attendance is limited – so [register](#) today!

### SPONSORSHIP OPPORTUNITIES

#### Did you know?

The ESC recently finalized a three-year cooperative agreement with the US DOE for its "Facilitating Public Sector Energy Savings Performance Contracting through Statewide Public-Private Partnerships" program. The cooperative agreement calls for the ESC to provide outreach programs across the nation to help build capacity for performance contracting. Through its expanding network of State Chapters, the ESC will enable the sharing of successful program strategies and projects through workshops, conference calls, conferences, on its website and in press releases and media communications.

#### Don't forget the Welcome Reception August 31

Join us at our Conference opening reception from 6-7:30 pm at the Westin Charlotte and start your Conference experience by networking with participants and exhibitors to ensure you get the most out of the event. The reception will be held in the exhibit hall allowing attendees the opportunity to meet with our sponsors in advance of the start of the conference. We encourage you to [register](#) for the Conference and book your accommodations today to take advantage of discounted prices and availability.

Remember -- attendance is limited.

#### WANT IN ON THE ACTION?

The ESC is the nation's only private-public partnership whose sole mission is to deliver the benefits of energy savings performance contracting.
